

HUMAN DEVELOPMENT SERVICE DELIVERY PROJECT

Terms of Reference Consultancy for SVG-HDSD-CS-INDV-61

SURVEY COORDINATOR FOR THE JOB OPENING AND LABOUR TURNOVER SURVEY

1. INTRODUCTION

1.1 The Government of Saint Vincent and the Grenadines (GOSVG) has received funding from the World Bank (WB) toward the implementation of the Human Development Service Delivery (HDSD) Project. The project is designed to strengthen the quality of service delivery in education, improve the efficiency of social protection systems, and improve the effectiveness of labour market systems.

1.2 The project is implemented by the Ministry of Finance, Economic Planning, Sustainable Development, and Information Technology. The other participating ministries are the Ministry of National Mobilization, Social Development, Family, Gender Affairs, Persons with Disabilities and Youth; the Ministry of Agriculture, Forestry, Fisheries, Rural Transformation, Industry and Labour; and the Ministry of Education, National Reconciliation and Ecclesiastical Affairs.

1.3 The project is structured around the four following components:

- Component 1 - Strengthening Pedagogy for Basic and Special Needs Education
- Component 2 - Building Responsive Social Protection Service Delivery Systems
- Component 3 - Strengthening Labour Market Systems and Improving Skills Training of Poor and Vulnerable Populations
- Component 4 - Project Implementation, Monitoring and Evaluation

1.4 This project offers an opportunity for the enhancement of the labour legislative framework and the improvement of the labour market systems, under sub-component 3.2. More specifically, the project will finance the revision of the Protection of Employment Act, which has been completed and awaiting Cabinet's approval; the revision of the Labour Relation Bill; the drafting of a Labour Code; execution of Labour Demand Surveys; and the facilitation of Labour Market Analysis Training.

1.5 The Department of Labour (DoL), the Statistical Office (SO), and the National Insurance Services (NIS), are the principal agencies of government charged with the overall responsibility

of collecting, analysing and disseminating labour and employment data in Saint Vincent and the Grenadines (SVG). With technical and financial resources from the International Labour Organisation (ILO), the DoL developed the SVG Labour Market Information System (SVG-LMIS), officially launched in 2011. The system design also proposed the establishment of the National Survey Programme to be coordinated by the SO in conducting periodic household and establishment surveys. The establishment surveys are intended to provide information on labour demand and supply flows as well as on unfilled vacancies within establishments. It is expected that results from these periodic surveys would provide detailed information on job creation or job losses by reason, industry, and occupation as well as difficulties that employers might have in finding suitable labour.

1.6 In 2014 the DoL in collaboration with the SO conducted its first establishment survey referred to as the Labour Demand Survey (LDS) or Job Opening and Labour Turnover Survey (JOLTS), hereafter referred to as ‘JOLTS’. The JOLTS is a collection of data from randomly selected enterprises to provide a comprehensive assessment of the total number of job openings, hires, and separations. The data collected was meant to will identify the demand for employment and the requisite skills which will be used to formulate and implement appropriate policies and programme related to educational training in St. Vincent and the Grenadines.

1.7 Given that the DoL and SO are seeking to commence another round of a revised JOLT Survey in October 2020. Data will be collected in two (2) rounds; the first round to be executed in 2020 and the second in 2021. Therefore, the HDSD Project will finance the contracting of a Survey Coordinator to assist the department in its execution.

2. DESCRIPTION OF SERVICES

2.1 Objectives of the Consultancy

2.1.1 The Survey Coordinator shall work with the DoL to support the execution of the JOLTS and shall be responsible for the coordination and scheduling of interviews under the purview of Field Supervisors and Enumerators.
