DEP Sports Strategies (DEPSS) Launched to Strengthen National Sports Development

DEP Sports Strategies (DEPSS) was officially launched on Tuesday, March 3rd, 2026, at the Paradise Beach Hotel, signaling a progressive step toward the structured development of sports in Saint Vincent and the Grenadines.

Held under the theme “Elevating Sports Through Strategy: Evaluate. Strategize. Execute.”, the initiative is designed to enhance the overall management, governance, and performance of sports locally through a strategic and results-driven approach.

DEPSS will focus on several critical areas, including project writing, strategic planning, governance and statutes, matches and competitions, venues and events, and executive and committee support. These focus areas aim to strengthen sporting institutions while creating a sustainable pathway for athlete development.

Director of DEP Sports Strategies, Devron E. Poyer, highlighted the department’s mission to shape Vincentian athletes into disciplined and exemplary ambassadors of the nation.

He noted that DEPSS is committed to fostering both personal and professional growth among athletes, ensuring they can maximize opportunities within sport not only morally, but also financially.

The launch of DEPSS reflects a renewed national commitment to strategic sports development, positioning Saint Vincent and the Grenadines for greater impact and success at both regional and international levels.
