FOR IMMEDIATE RELEASE

NPRBA LAUNCHES NATIONAL PARKS AWARENESS MONTH 2026 THIS MAY

.....

The St. Vincent and the Grenadines National Parks, Rivers and Beaches Authority (NPRBA) is pleased to announce the observance of National Parks Awareness Month 2026, to be celebrated throughout the month of May.

This year's observance will be held under the theme "*Protecting Our Parks, Rivers and Beaches for a Greener Future,*" with the slogan "*Conserving Nature, Sustaining Life.*"

National Parks Awareness Month seeks to:

- Educate the public on the role and mandate of the National Parks, Rivers and Beaches Authority;
- Increase knowledge and understanding of the importance of parks, rivers and beaches in everyday life, community well-being and national development;
- Foster a greater sense of national pride and environmental stewardship among citizens.

Throughout the month, the NPRBA will host a series of activities, including public education campaigns, radio programmes, school outreach initiatives, training workshops, community engagement activities, Parks Exploration Days and a national environmental exhibition.

This annual observance forms part of the Authority's ongoing commitment to environmental education and sustainable development, while reinforcing the importance of protecting the country's natural resources for present and future generations.

The NPRBA encourages all Vincentians, including schools, community groups, churches, and stakeholders, to actively participate in the month's activities. Protecting our environment is a shared responsibility and the actions we take today will shape a cleaner, greener future for all.
