RELOCATION OF SION HILL CLINIC

The Ministry of Health, Wellness and the Environment announces the temporary relocation of the Sion Hill Clinic effective Wednesday, July 1, 2020.

The Clinic is being moved to a building located at the first mandatory turnoff point along the road from Sion Hill down Kingstown Hill into Frenches.

This temporary relocation is to facilitate substantial renovations at the usual clinic site and the new arrangements will remain in place until further notice.

The Ministry of Health, Wellness and the Environment regrets any inconvenience caused and looks forward to the cooperation of the general public. These actions are being carried out to further improve healthcare in the community. A part of the project is the rehabilitation of the nurses quarters to accommodate a live-in nurse. Additional details will be presented in due course.
